DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Levy on 15 December 2003.

The application has been amended as follows:

In the claims:

Claim 1:

Before measuring insert --then electrically--, after sheet insert --remains substantially uncut and--.

Cancel claims 2 and 3.

Allowable Subject Matter

2. Claims 1 – 8 are allowed over the prior art of record.

3. The following is an Examiner's statement of reasons for allowance: Nakabayashi in the U. S. patent 6,215,194 B1; figures 1A –10B and related text; substantially disclose the claimed invention.

Art Unit: 2823

However, Nakabayashi does not teach, disclose or shows cutting the substrate and the resin layer in a state that the adhesive sheet is glued to the resin layer and ^{electrically} measuring the semiconductor devices in a state that the adhesive sheet is glued to the resin layer.

Nakabayashi, in contrast, discloses measuring the devices and *then* cutting the substrate and the resin layer in a state that the adhesive sheet is glued to the resin layer. It would not be obvious to modify the invention of Nakabayashi to read upon the claimed invention since the claimed invention is materially different from the invention of Nakabayashi and it will require improper hindsight to obviate the claimed invention. Therefore the claimed invention as a whole is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
